## **DETAILED ACTION**

### ***Prelim. Amdt/Amendment***

1. Receipt is acknowledged of the Amendment filed 16 April 2004.

### ***Allowable Subject Matter***

2. Claims 6-7 and 9-11 are allowed.
3. The following is an examiner's statement of reasons for allowance:

The prior art of Shona and all other cited references, taken alone or in combination, fails to teach or fairly suggest the specific structure or the method of an IC card reader/writer comprising, among other things, a Protocol Type Selection (PTS) flag identifying a transmission protocol for the IC card that is set by the receiving means only when the IC card can retransmit said data in character units, wherein the retransmission request means requests the IC card to retransmit the received data when the signal level checking means has detected the predetermined signal level in the predetermined period and the PTS flag has been set as set forth in the claimed combinations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
